B.3 - Progress Report

A. Increase the availability of affordable housing

The Housing Authority of the City of Biloxi had a Section 8 Housing Choice Voucher Program consisting of 444 Tenant Based Vouchers. The agency applied for and received 148 VASH Vouchers in 2015, increasing the number of participants and expanding the Section 8 Housing Choice Voucher (HCV) Program. In 2017, the agency applied for 10 additional VASH Vouchers which were received, expanding the VASH Program to 158 vouchers and the HCV Program within the agency’s jurisdiction to 602 participants.

In order to improve the quality of assisted housing, The Housing Authority of the City of Biloxi has procured contractors to perform repairs and renovations to properties owned and managed by the agency. The Bayview Place units were scheduled for repairs and renovations in two phases, with the first phase contracted in 2018 and completed in July of 2019. The second phase was contracted in July of 2019 with work in progress through December 31, 2019, the target date for completion. There are additional housing units that were contracted in July of 2019 for Exterior Repairs and Painting at Oakwood Village, Covenant Square and Suncoast Villa, owned and managed by our agency.

B. Promote self-sufficiency and asset development of families and individuals

The Family Self-Sufficiency Program is a HUD program that encourages communities to develop local strategies to help assisted families obtain employment that will lead to economic and self-sufficiency. The FSS Program offered by our agency has been instrumental in empowering residents to become more independent through counseling in areas of education and employment. Through our partners in the community, residents may attend job fairs and other events that promote and assist them in obtaining gainful employment. The agency is partners with local businesses, schools and welfare agencies. Participating families can complete a comprehensive program that develops life-skills and provides better opportunities for higher paying jobs and employment. Some of our partners that provide these services are; Bethel Free Clinic; Coastal Family Health Center; Gulf Coast Community Action Agency; CFHC Mobile Medical Clinic; The Claudia Jones Computer and Learning Center; Mississippi Gulf Coast Community College-Jeff Davis Campus; St. Paul United Methodist Church; The Salvation Army; The American Red Cross; South Mississippi Planning and Development District; and The United Way of South Mississippi to name a few.

C. Ensure equal opportunity in housing for all Americans

The Housing Authority of the City of Biloxi implemented an online process for housing applications by procuring Happy Software that integrates with HAB Software, the agency’s line of business software for housing programs. The program is easily accessed on the agency webpage at www.biloxihousing.org and is available in 128 languages, making it possible for anyone to apply. The agency maintains waiting lists for different programs including designated Elderly and Near Elderly site- based lists. The Section 8 Administrative Plan addresses the process of applying for assisted housing and includes selection from the lists based on Local

Preferences and Date/Time of application. The housing management staff received certifications on September 18, 2018 for completing the HUD training program for Fair Housing and Equal Opportunity to ensure equal treatment of all clients without discrimination as defined in the Fair Housing Act.

D. Increase customer satisfaction

On October 1, 2016, the agency procured the services of HCI, Human Capital Initiatives, a Human Resources firm that has played an active part in the education of all housing authority staff in areas of customer service and human resource practices. In addition to training received in the area, the agency has implemented a communication system using the Call Max Program which allows us to send messages containing notices to our residents that provide vital information for them individually, by housing development or in mass using text, email and voice messaging. The housing authority webpage and multi-media Facebook page is used to communicate with our customers as well, providing them with up to date information related to programs and community events.

E. Increase assisted housing choices

The agency maximizes the number of affordable housing units available by employing effective maintenance and management policies to minimize the number of units off-line. Every effort is made to reduce the turnover time of vacant units by outsourcing vacant unit maintenance when needed through an existing contract for these services. The agency undertakes measures to ensure access to affordable housing regardless of the unit size required. The Housing Authority of the City of Biloxi participates in the Consolidated Plan development process to ensure coordination with broader community strategies. The agency will apply for additional housing choice vouchers should they become available to increase the program size therefore expanding housing opportunities to more families in its area of jurisdiction. The housing authority will continue to partner with the Veterans Administration assisting veterans on the Section 8 VASH program. The completion of Beauvoir Pass, a project-based voucher development added 75 units to the housing authority portfolio. With this additional housing added to the agency's inventory, we currently have 1140 units on our RAD/PBV and PBV programs. The housing authority will continue to seek other development opportunities to further increase the number of assisted housing units available to the residents of Biloxi, MS.

F. Improve community quality of life and economic viability

Our housing management staff will market the Section 8 Housing Choice Voucher Program to owners outside of areas of poverty and minority concentrations. Through our self-sufficiency program and partners in the community, we will continue to counsel residents in areas of education and employment to assist in reducing the poverty level within our area of jurisdiction. The agency currently has five developments designated for Elderly and Near Elderly families. One site offers Assisted Living services exclusively (Seashore Oaks) and others provide supportive services to the residents (Gulfshore Villas- Adult Day Care Center). The specific developments for the Elderly and Near Elderly have site-based waiting list, reducing the application processing time for assisted housing.

B.4 – Violence Against Women Act (VAWA) Goals
Attachment “C”

Chapter 3- Section 8 HCV Administrative Plan – Effective July 10, 2019

3.10 Violence against Women Reauthorization Act Policy (VAWA)

Link: [Violence Against Women Reauthorization Act 2013; 24 CFR 5 Subpart L, PIH Notice 2017-08](#)

This Policy is applicable to all federally subsidized housing administered by BHA. BHA will not discriminate against an applicant or resident on the basis of the rights or privileges provided under the VAWA. This policy is gender-neutral, and its protections are available to persons who are victims (including affiliated individuals) of domestic violence, dating violence, sexual assault or stalking.

The BHA will not deny admission to the housing choice voucher program to any person because that person is or has been a victim or affiliated individual of domestic violence, dating violence, sexual assault or stalking; provided that such person is otherwise qualified for such admission. In addition to prohibiting a denial, termination, or eviction based on the fact that the applicant or tenant/participant is or has been a victim of domestic violence, dating violence, sexual assault or stalking, BHA will not deny admission to an applicant based on an adverse factor, if the adverse factor is determined to be a direct result of the fact that the applicant is or has been a victim of domestic violence, dating violence, sexual assault, or stalking.

VAWA - Notification of Rights

The BHA will enclose in each application packet a notice advising applicants of their rights under VAWA. The BHA will notify participants of their rights under VAWA during the annual re-certification process and with any adverse action notice along with a copy of the form HUD form 5380 (Notice of Occupancy Rights); HUD form 5382 (Certification of VAWA).

VAWA - Confidentiality

All VAWA information provided to the BHA, including the fact that an individual is a victim or affiliated individual of domestic violence, sexual assault, dating violence, sexual assault or stalking (VAWA violence); will be retained in confidence, and will not be entered into any shared database or provided to any related entity, except to the extent that disclosure is:

- Requested or consented to by the individual in writing
- Required for use in an eviction proceeding
- Otherwise required by applicable law

If disclosure is required for use in an eviction proceeding or is otherwise required by applicable law, BHA will inform the victim before disclosure occurs so that safety risks can be identified and addressed.

VAWA - Documentation

When a participant is facing lease termination because of the actions of a family member, household member, guest, or other person under the participant's control and a participant or immediate family member of the participant's family claims that she or he is the victim or affiliated individual of such actions

and that the actions are related to VAWA violence, the BHA will request in writing that the individual submit documentation within fourteen (14) business days affirming that claim. The written request will include instructions on where, when, and to whom the documentation must be submitted. It will also state the consequences for failure to submit the documentation by the deadline. BHA may choose to extend the 14-day requirement to provide documentation or may choose to waive the requirement based on the circumstances surrounding the claim.

The individual may satisfy this request by providing any one of the following documents as described under 24 CFR 5.2007(b)(1):

- Form HUD-5382; or
- A document:
 - Signed by an employee, agent, or volunteer of a victim service provider, an attorney, or medical professional or a mental health professional (collectively, "professional") from whom the victim has sought assistance relating to domestic violence, dating violence, sexual assault, or stalking, or the effects of abuse:
 - Signed by the applicant or tenant; and
 - That specifies, under penalty of perjury, that the professional believes in the occurrence of the incident of domestic violence, dating violence, sexual assault, or stalking that is the ground for protection and remedies under the VAWA Final Rule, and that the incident meets the applicable definition of domestic violence, dating violence, sexual assault, or stalking under 24 CFR 5.2003; or
- A record of a Federal, State, tribal, territorial or local law enforcement agency (may include a police report), court, or administrative agency; or
- At the discretion of BHA, a statement or other evidence provided by the applicant or tenant.

VAWA Lease Bifurcation

The BHA may request the owner to bifurcate a family's lease and terminate the tenancy of the culpable family member if the BHA determines that the family member has committed criminal acts of physical violence against other family members or others. This action will not affect the tenancy or program assistance of the remaining, non-culpable family members. In making its decision, the BHA will consider all credible evidence, including, but not limited to, a signed certification (form HUD-50066, HUD-5832) or other documentation of abuse submitted to the BHA by the victim.

If the BHA does bifurcate the lease and terminate the tenancy of the culpable family member, it will do so in accordance with the lease, applicable law, policies in this Administrative Plan and the BHA VAWA Procedure. If necessary, the BHA will also take steps to ensure that the remaining family members have a

safe place to live during the termination process. For example, the BHA may refer the remaining family members to a victim service provider or other agency with shelter facilities.

Limitation on VAWA Protection

VAWA does not limit BHA's otherwise available authority to terminate assistance to or evict a victim for lease violations not premised on an act of domestic violence, dating violence, or stalking providing that BHA does not subject the victim to a more demanding standard than the standard to which it holds other tenants.

VAWA does not limit BHA's authority to terminate the tenancy of any tenant if BHA can demonstrate an actual and imminent threat to other tenants or those employed at or providing service to the property if that tenant's tenancy is not terminated.

In determining whether a tenant who is a victim of domestic violence, dating violence, or stalking is an actual and imminent threat to other tenants or those employed at or providing service to a property, BHA will consider the following, and any other relevant, factors:

- Whether the threat is toward an employee or tenant other than the victim of domestic violence, dating violence, or stalking
- Whether the threat is a physical danger beyond a speculative threat, whether the threat is likely to happen within a short period of time
- Whether the threat to other tenants or employees can be eliminated in some other way, such as by helping the victim relocate to a confidential location, transferring the victim to another unit, or seeking a legal remedy to prevent the perpetrator from acting on the threat

If the participant wishes to contest BHA's determination that he or she is an actual and imminent threat to other tenants or employees, the participant may do so as part of the informal hearing or in a court proceeding.

B. Five Year Plan 2020-2024

B.5. Significant Amendment/Modification

The Housing Authority of the City of Biloxi converted its Public Housing units to the Rental Assistance Demonstration (RAD) program in October of 2015. The agency found it necessary to change its Housing Choice Voucher Programs Administrative Plan to include not only the Tenant Based Voucher Program but the new RAD/PBV Program regarding the agency’s policies pertaining to program administration. The new Administrative Plan was reviewed and approved by the housing authority’s Board of Commissioners on July 10, 2019 and made effective the same date to exact policies used to implement the Housing Choice Voucher Programs administered by the agency. The Housing Authority considers the new Administrative Plan a Significant Modification to its Five Year and Annual Plan because it covers admission, waiting list management and other Housing Choice Voucher Program policies used to manage our assisted housing programs. A copy of the Administrative Plan is included in Attachment “D” as a Significant Amendment to all previous agency plans submitted prior to July 10, 2019, the effective date of the plan.

B.6 – Resident Advisory Board (RAB) Comments

Biloxi Housing Authority
City Wide Resident Council Meeting
Wednesday, September 11, 2019

Meeting was called to order at 2:03 pm, those in attendance are recorded as follows:

Biloxi Housing Staff Present:

Tom Noland, Administrative Services Manager
Melinie Kilgore, Property Specialist

Biloxi Residents Present:

Gulfshore Villas: Linda Babineaux, President
Lucinda Tynes, Secretary/Treasurer

Fernwood Place: Akeisha Thomas, President
Sanjuana Pettaway, Vice President

Covenant Square: Bernetha Millsap, President

Type of Meeting: City Wide Resident Council Review and Comments concerning
the
Biloxi Housing Authority Five Year and Annual Plan for Fiscal
Year
2020

Meeting Facilitator: Linda Babineaux, President

The meeting was called to order after introductions of officers and staff at 2:03 pm by Linda Babineaux, President of Gulfshore Villas, acting as facilitator for the meeting. Ms. Babineaux opened the meeting to discuss old business.

Old Business:

The meeting was opened to discuss old business and officers from all sites participated. Bernetha Millsap, President of Covenant Square took the floor to discuss the after-school snack program that had been discontinued. She stated that the kids have no place to go or anything to do when they get home from school each day. She wanted to know the reason why the program was discontinued. Tom Noland, Administrative Services Manager for the Biloxi Housing Authority (BHA), explained that due to the rules outlined for the after-school snacks program, BHA was unable to comply with the requirements they have established for participation. The rules required a certain liability and guarantees that BHA could not provide, therefore it was not possible for the agency to allow the program to be conducted at the housing sites owned and managed by BHA. Ms. Millsap asked if they could distribute snacks on their own after school if they were donated. Tom Noland stated that as long as the snacks didn't consist of any prepared food items and were items that were packaged and ready to serve by the manufacturer, there shouldn't be a problem with them holding the event at their site as a Resident Council function.

The snacks would consist of crackers, chips, soft drinks and other pre-packaged items. He said he would ask the Executive Director for approval.

Mr. Noland mentioned that there were activities available for all residents at the Computer Lab located at Suncoast Villa and that it has reopened after the flood damage was fixed. Bernetha Millsap followed up with a request for computers at her site and other sites to be made available for residents that can't afford to take their children to the Suncoast Villa Library and Computer Center that is available for all residents of properties owned and managed by BHA. Mr. Noland stated that he would present the request to the Executive Director for discussion and would follow-up with all Resident Council Presidents when he had the answer if this would be possible or not.

Sanjuana Pettaway, Vice President of Fernwood Place Resident Council stated that she has created a newsletter for residents to inform them of events and meeting schedules to encourage an increase in attendance of their meetings. The representatives from all sites attending the meeting agreed that it was a great idea and expressed an interest in starting their own newsletters for their residents.

Akeisha Thomas, President of Fernwood Place re-visited the question that was asked last year pertaining to the Resident Council functions and events. She stated that she would like to conduct after-school reading programs for the children at her site and asked if she was to hold an event, is it allowed for her to be the scheduled speaker. Tom Noland responded that it was allowed for her to hold an event and serve as speaker as long as the event didn't involve any political or religious content. Additionally, he stated that the event should contain educational or informational content that would enhance the quality of the resident's lives and promote self-sufficiency. Ms. Thomas was concerned about the kids not having enough activities to keep them out of trouble and wanted to have events for the kids. She recommended a Safety in Your Neighborhood class for them to teach them what to watch for and what to do when safety issues are recognized. Mr. Noland stated he would like to see a class held on how to keep the sites clean from trash and debris. Ms. Thomas agreed stating that was one of her pet peeves and that it was badly needed. She said that parents send their children to the dumpsters and they can't reach the top to place it in the container. She said that's why it's all over the grounds and around the dumpsters instead on inside them. Mr. Noland informed the attendees that BHA has requested the Waste Management Company to swap out the dumpsters for side loading units and remove the top loading ones. The change was confirmed and the company responsible for the dumpsters will begin swapping them out in the next few weeks. He stated that should help the situation concerning the trash and debris at the sites.

Linda Babineaux, President of Gulfshore Villas Resident Council asked about the status of her request at the last meeting to have picnic tables setup in a common area at her site. Tom Noland responded that he would check on the status and let her know if they will be approved. Linda Babineaux asked about the lighting at Gulfshores stating that the lighting was poor in some areas and needed to be corrected. Tom Noland informed her that BHA was looking at the lighting situation and considering changing the lighting to LED bulbs. He said he would bring this comment to the attention of the Maintenance Director, John Faulk and would let her know what decision had been made regarding the lighting.

New Business:

Discussion of the BHA Five-Year and Annual Plan for 2020

Tom Noland, Administrative Services Manager for the Biloxi Housing Authority stated that copies of the agency's Five-Year Plan for 2020-2024 and Annual Plan for 2020 were distributed to the attendees several weeks prior to the meeting for their review. The goals BHA has established were reviewed in detail. He stated that the submission of the plans was a requirement of the Department of Housing and Urban Development (HUD) and that BHA must include any questions, answers or comments from the City-Wide Resident Council members. He asked the attendees for their comments concerning both plans.

Akeisha Thomas, President of Fernwood Place asked for clarification of the RAD/PBV and TBV programs and how the process of receiving an HCV voucher worked. Tom Noland explained the difference between the two programs with the RAD/PBV voucher being attached to the unit and the TBV voucher allowing participants to search for housing in the private sector and that it was portable, allowing them to move to other areas than BHA's jurisdiction. Ms. Thomas complained that she had received a Choice Mobility Voucher and tried to find a suitable unit but could not. She stated her voucher expired before she could find one. She also stated that it was difficult to find a unit because the rents were too high or there was a shortage of units in our area and she did not want to move from the Biloxi area. Ms. Thomas asked if the plans or the BHA Section 8 Administrative Plan could be changed to limit the number of vouchers the housing authority issued because part of the problem of finding a unit was due to the large number of voucher holders on the street looking for units at the same time. Tom Noland explained the process to everyone on when and how voucher distribution takes place. He stated that BHA would issue enough vouchers required to meet the programs utilization requirements and the number that needs to be distributed is based on the number available as allocated to the agency. It was noted that the number of vouchers issued had to be sufficient to fill the open slots when families leave the program or when they are terminated. He pointed out that BHA shares the jurisdiction of Biloxi with another housing agency and they have voucher participants searching in our area. The other agency also has more vouchers allocated to them and our market is saturated with both agency participants searching for housing at the same time, making it more difficult to find housing. He stated that BHA was implementing marketing strategies geared towards landlords in the Biloxi area, to promote and expand housing opportunities for our residents. Mr. Noland stated that BHA was emphasizing Customer Services and that the agency has implemented a public notification program called Call Max to send out notices to BHA residents when needed. He stated each resident would have the option to opt in or out from the service when they receive an initial message from the system. He stated that the Biloxi Housing Authority webpage was available for residents and the community at large for access to information pertaining to housing and other activities of the agency. Mr. Noland stated that the most significant change to the agency plans this year was the inclusion of the new Section 8 Administrative Plan which covered all Housing Choice Voucher Programs, The RAD Project Based and Tenant Based Programs. He said because it is part of both plans, it was included in the Five-Year Plan for 2020-2024 and the Annual Plan for 2020 as a significant amendment.

Tom Noland asked for any additional comments from the attendees. There were no other comments made. Linda Babineaux stated that Mr. Noland had explained the plan very thoroughly and that she had a better understanding of the entire process.

Adjournment:

Linda Babineaux requested a motion to adjourn the meeting. Bernetha Millsap made a motion to adjourn.

Akeisha Thomas seconded the motion and Linda Babineaux stated the meeting was adjourned.
